Sulzer SCE Comments 05132015 working.docx

Sean & Anne:

Attached for your review are draft comments for the draft Source Control Evaluation Report Sulzer Pump Facility dated May 7, 2015.

This property is located at approximate river mile 10.W and is State of Oregon, Environmental Cleanup Site Information (ECSI) number 1235.

An assumption for the basis of our review comments is that the EPA comments provided in August 2012 were available to the property owner.

Please provide your input and if needed, we can make revisions.

Thanks very much,

Mike
